Banish Persecution

General business volume is now up 40 per cent higher over the nation than at the low point of the depression. Right here in Appomattox we are convinced that it is approximately 50 per cent higher.

In fact, we believe that conditions are such that the best thing business men can do is to forget all about the depression.

Almost without exception the business concerns of Appomattox show increases in volume last year over the previous year. We personally know of two local concerns having the best volume in all their history. There were doubtless others.

Ralph Wilson, vice president of Babson's Statistical Organization has this to say:

"If business men would let others use up time telling the world what is going to happen and devote themselves to business entirely, the first result would be a remarkable recovery in business. At the present time the average business man spends about 150 of the 480 minutes in a business day either agonizing or being agonized about that is going to happen to the nation."

Many a Friend Recommends

BLACK-DRAUGHT

People who have taken Black-Draught naturally are enthusiastic about it because of the refreshing relief it has brought them. No wonder they urge others to try it!

Mrs. Joe G. Roberts, of Porterville, Ala., writes: "A friend recommended Black-Draught to me a long time ago, and it has proved its worth to me. Black-Draught is good for constipation. I find that taking Black-Draught prevents the bilious headaches which I used to have."

A purely vegetable medicine for the relief of

CONSTIPATION, BILIOUSNESS

ARE YOU WILLING TO FOOT THE BILL?

A BILL has been introduced in Congress which provides for outright government ownership and operation of the railroads. If the proposed legislation becomes law, it will mean:

(1) That the government will have to add 26 billion dollars to the already gigantic public debt.

(2) A loss, in normal times, of nearly a million dollars a year in railroad taxes (part of which pays for the education each year of 1,600,000 children).

(3) The creation of the greatest political machine in the history of the nation, with every user of railroad service and every railroad worker subject to the mercy of federal bureaucracy.

(4) Cumbersome, inefficient operation, and the destruction of individual initiative and progress.

(5) Huge deficits that will have to be met by public taxation.

The experience of this and all other countries in government ownership and operation of railroads prove the accuracy of these predictions. Private initiative and enterprise have developed, in America, the largest, the best equipped, the safest and most efficient, economical railway system in the world.

Are you—the shipper and receiver of freight, the traveler and the investor—willing to scrap this system and foot the bill of government ownership?

The issue is now before Congress. Congress is made up of your representatives. Your opinion, vigorously expressed, largely determines Congressional action. Express your disapproval of government ownership of the railroads to your representatives in Congress—or be prepared to foot the bill.

Forest View

Forest View, May 1.—Weather has been ideal for farming the past several days and the farmers tried to take advantage of it in preparing their land. Tobacco plants are looking very well and gardens have been planted.

Mrs. T. H. Ford has been on the indisposed list for several days. Her daughter, Mrs. Bernice Pankay has been with her.

Mrs. R. W. Martin has been feeling better the past week.

Mr. and Mrs. Frank Woodridge, of Richmond spent several days with his sister, Mrs. J. A. Martin, returning home Easter Monday, while here they, in company with Mrs. J. A. Martin visited Mr. and Mrs. J. B. Marshall.

Thomas Odor has a job in Lynchburg, where he works on Saturdays.

We were sorry to hear that Mrs. Leonard Ford near Lynchburg had a stroke of paralysis a few days ago.

We understand Marvin Moses and a truck driver had a little collision last Saturday on the road near Jim Pankay's, when the fire was so busy the smoke blinded both parties.

We are glad no one was hurt. The two fires last Saturday burned over a lot of land, killing the young growth. People should be more careful about fires.

Mr. and Mrs. J. A. Martin visit

ed in the home of W. C. Lee last Sunday P. M.

Mrs. W. C. Lee and son, Samuel, visited Mrs. R. W. Martin a few days ago.

Miss Georgia Cyrus, of Appomattox and sister, Janie, visited their cousin, Jim Cyrus at Spring Mills Easter.

The community was shocked to hear of the tragic death of our mail carrier, W. D. Anderson last week. He had gained many friends on his route. He was very businesslike and we extend to his family our heartfelt sympathy.

Notice of Thank.

I am thankful to acknowledge the contributions given me by the members and friends of the First Baptist Church whose names and amounts are listed below. The money will be used to pay off the church's indebtedness.

Don't Prolong The Agony!

Next time you suffer from Gas on Stomach, Headache, Sour Stomach, a Cold, Migraine, Rheumatism, Sciatica or Periodic Pains, try Tired Feeling, That "Morning After" Feeling. Get a glass of water and drop in one or two tablets of

Alka-Seltzer

The New Pain-Relieving, Alkaline-Effervescent Tablet.

Watch it bubble up, then drink it. You will be amazed at the almost instant relief.

It is called Alka-Seltzer because it is a sparkling alkaline drink, and as it contains an antacid (Acetyl-Salicylate) it first relieves the pain of every-day ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.

After trying many brands of medicines—suffered relief for a few days. By chance I tried Alka-Seltzer. I am more than satisfied. Geo. Bennett, York, N. Y.
